to expand its local foods and Thunderbird. With pride a Ford Mustang or without heated seats, CD player, and having a collection of rare cars that also enhances the landscape that also enhances the landscape, and to nurture a supportive community for all and preserving its history and heritage.

Artwalk
Gardiner Artwalk takes place three times each year: First Friday of May, August, and December. This unique festival is a celebration of art ranging from painting, drawing, sculpture, photography, pottery, textiles, jewelry, and ceramics.

First launched in 2005 by the Gardiner Artwalk Committee, Artwalk is dedicated to providing an inspirational and aesthetic outdoor art experience for people of all ages and backgrounds.

Car cruises and food festivals
You can also experience the local culture of Gardiner by taking a trip to the historic Johnson Hall Performing Art Center. The center is a vital part of Gardiner's downtown and helps to bring in visitors from all over, including tourists and locals.

Johnson Hall, located on Gardiner's Historic Water Street, is known for its all-day lineup of music and entertainment, including live concerts, comedy shows, and film screenings. The center is well-known for its commitment to bringing the arts to the community, providing a diverse range of programming for people of all ages.

The fun continues Saturday on Gardiner's Historic Water Street and beautiful Waterfront Park, along scenic Kennebec River. The event is expected to bring thousands of visitors to the area.

The second Saturday of each month, Gardiner Artwalk is to celebrate life on the Kennebec River — both from land and from the water. Most activities are free to the public thanks to the generosity of Gardiner Main Street and its Main Street Improvement District.

Again this year there will be activities on the river — from boat rides to Kayak and Paddleboard demonstrations. Historic Water Street in Gardiner will be transformed into a pedestrian mall with arts, vendors, and food trucks exhibiting their products from 10 a.m. to 4 p.m. Throughout the day, there will be entertainment and children's activities at Gardiner's Waterfront Park.

Get up to date on the events, including community happenings and vendor applications in our online calendar. To download the calendar of events for GardinerMainstreet.org, go to the website and download the Calendar of Events.

Flexible, imaginative workspaces have been shown to create more opportunities for creativity, collaboration and innovation. The growing trend of co-working spaces continues to gain momentum across the United States and around the world.

Today's technology-driven economy allows remote workers to choose a place where they live based on a high quality of life — and many are finding what they're looking for in a community like Gardiner.

Many of these people are also looking for a sense of community in their work environment. Some of them are working out of a home office, while others are working as part-time employees or various job positions.

The CoLab is a co-working and conference space, located at 100 Water Street in Gardiner's Downtown Historic District. Gardiner is a short distance from the Kennebec River, and the CoLab offers members a unique experience.

The CoLab offers an all-day lineup of music and entertainment, including live concerts, comedy shows, and film screenings. The center is well-known for its commitment to bringing the arts to the community, providing a diverse range of programming for people of all ages.

A close-to-home adventure in dining awaits at Mughal Palace

“We want to show our support for the community by purchasing ingredients locally whenever we can, such as using meat sourced from a local farm for the goat curry we serve from time to time on our buffet.”

MUGHAL PALACE, CO-OWNER MUGHAL PALACE

Mughal Palace, inside the unsuspecting exterior, a feast for the palate awaits at Mughal Palace, a few minutes from downtown Gardiner at 730 River Road in Chelsea.

Spees of delectable Tandoor Chicken, marinated in a mixture of yogurt and Indian spices, are deep-cooked over glowing coals in a Tandoor oven.

Emery’s Meat & Produce buys locally

When Leon Emery opened Emery’s Meat & Produce in 1973, he used to walk to work down Water Street. He took a break from selling meat to pursue a love of poetry, write a book, and work on his farm. He later opened stores in Augusta and Falmouth on the weekends.

Emery said that he recently has initiated another business venture in the central Maine area. He is the founder and president of the Professional Disc Golf Association and later formed the Professional Disc Golf Foundation. Emery believes that the local economy is bound to improve when local businesses help to support local farms.

CR Farm Disc Golf remains popular

Emery’s Meat & Produce carries local beef, pork, chicken, fish, rabbit, goat, lamb and produce. They also offer their own line of barbecue sauces, marinades and salad dressings.

Emery’s Meat & Produce receives the Small Business of the Year Award from the Kennebec Valley Chamber of Commerce this year. Emery said that he was actually what made his business and Snow Pond.

Mainiac Brewing & Supply celebrates five years

BY KATE CONE
Correspondent

The most frequently asked question Rick McCormick has heard in the past 10 years as owner of Mainiac Brewing & Supply is: “How hard is it to do?”

With a broad smile on his face, owner of Mainiac, he replies: “If you can make a box of macaroni and cheese, you can brew beer at home.”

About to celebrate its fifth anniversary, Mainiac Brewing & Supply stocks everything the home brewer needs to make beer, wine, soda or mead. Rick McCormick displays a poster that reads, “Relax, don’t worry. Have a homebrew,” at his store.

“I can make a box of macaroni and cheese, you can brew beer at home.”

If you can make a box of macaroni and cheese, you can brew beer at home.”

“I don’t cook, but anything my wife cooks goes well with our home brew. If I’m having something like a steak, I would love a nice brown ale or stout. Steaks go well with almost anything.”

As for the sour beers that have emerged in the frontline of craft beer in the past few years, McCormick was unequivocal: “I’ve never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McCormick said. “I have never had a sour beer in the past few years, McC
